

PERSONAL TOUCH IN AIRCRAFT MAINTENANCE

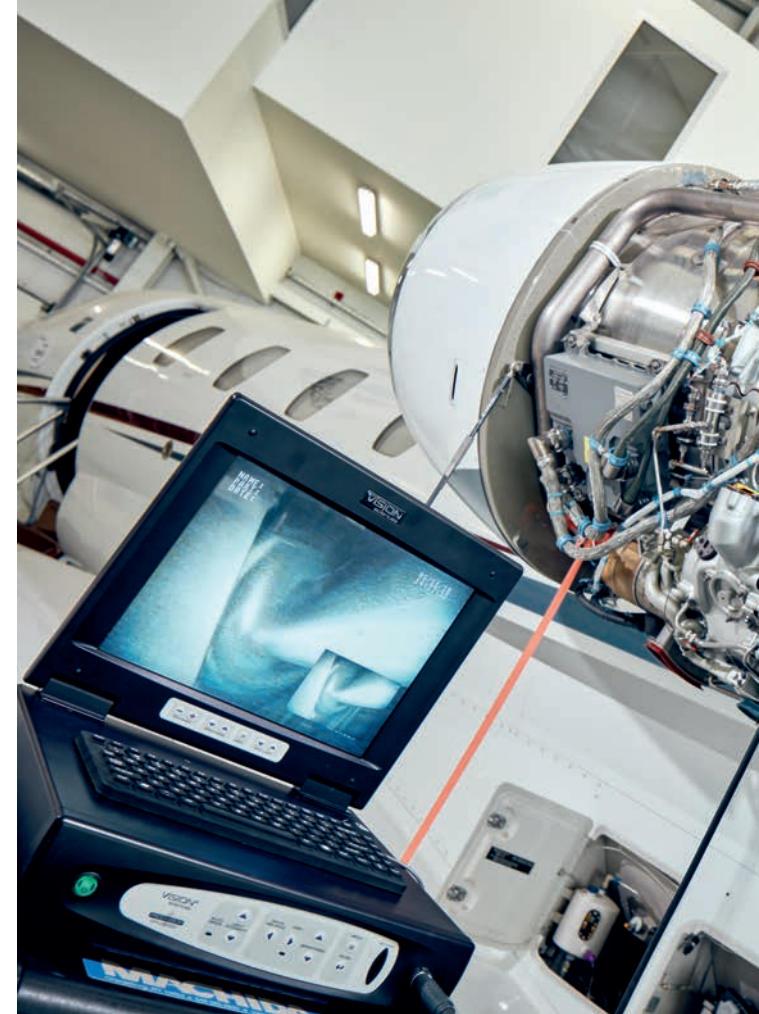

FOUNDED IN 1962, EMAIR IS A LEADING AVIATION COMPANY IN TURKEY WITH MORE THAN 50 YEARS OF EXPERIENCE IN AIRCRAFT SALES, OPERATION AND MAINTENANCE.

EMAIR is the authorized sales representative and authorized service facility for Textron Aviation's Cessna and Beechcraft family of business jets and general aviation aircraft.

CESSNA & BEECHCRAFT AUTHORIZED Maintenance Center

EMAIR 's Cessna and Beechcraft Factory Authorized Service Facility in Ankara Esenboga International Airport (LTAC – ESB) has full line and base maintenance capability on numerous Cessna and Beechcraft aircraft. The state-of-the-art maintenance hangar is conveniently located for operators in the Middle East, Central & Eastern Europe, CIS and North Africa.

EMAIR 's highly qualified team of engineers and technicians have many years of maintenance experience on Textron Aviation's Cessna and Beechcraft family of business jets and general aviation aircraft. The dedicated and safety focused team of service professionals, combined with the modern infrastructure offer a unique maintenance experience to its customers.

MAINTENANCE ORGANIZATION

Approved by International Aviation Authorities

The service facility holds maintenance organization approvals from various national and international aviation authorities including Turkish DGCA (SHGM), EASA and Pakistan CAA.

With this expertise, **EMAIR** 's quality team is capable of obtaining additional national approvals from other national authorities in a timely manner as needed.

 **EMAIR**

REMOVE BEFORE FLIGHT
